## Dog With A Blog

👁 14 ✓ 2 ★ 3

### Chapter 1 by Amy McDougall-Aubin

Once there was a talking dog named Stan and he even had his own blog. His best friend was a stuffed monkey named Robart. He lived a happy life but one day he got new neighbours and they came with a poodle named Princess and Stan was in love with her.

### Chapter 2 by SaintSayaka

But fate was cruel. The neighbors bickered wildly with Stan's owners, on topics that he didn't quite understand but were well documented on his blog. The internet became one large diary for him as he typed out his woes on the matter, considering himself to be very much so the modern Romeo. And Princess was none other than his Juliet, his green light, the fire of his loins...whatever literary allusions he could borrow, he used fruitfully in his writings.

What he didn't expect was for Princess to actually read him. It turned out that he wasn't the only internet-wielding pooch out there.

He considered briefly how many people on the internet were actually dogs, and not humans. But there was a larger problem at hand.
